

Veteran's Memorial for Orange Park, Florida

We invite you to join in our efforts to create a suitable memorial for our Veterans in Orange Park. We wish to honor the courage and sacrifice of all those who served and/or lost their lives while preserving our freedoms.

The Historical Society of Orange Park is leading this important community effort to construct a new Veteran's Memorial that will be located inside the entrance of Magnolia Cemetery on Kingsley Avenue.

Our hope is that the community will come together to assure this important project is completed. We intend to raise all the necessary funds through the sale of inscribed memorial bricks and contributions from private donors and local businesses.
